## Course Levels

- As we progress through the courses we'll build our range of life skills & skill levels with the duration, distance and distractions of everyday life.
- Working at our own pace we'll adapt each exercise giving the right level & type of challenge for progressive successful outcomes.
- As we advance we'll include handy skills, tricks, training games and fun challenges such as rally.
- If you choose to continue and graduate "high school" there's even the opportunity to join our trained dogs club.

## Problem Solver Consultations

### Features

Current Course Customers

Before or after each am or pm

block of classes.

15 minutes : Cost £7.50

Just ask in class or contact us to  
organise.

### Complementary Offerings

- Your current course
- Setting up for Success
- Master "It" Classes
- Make Me Something Special
- Recall, Social & Exercise Class

### Problem Solver Consultations

- Our mini consultations are available to current course customers who need some help or advice on a specific topic or individual booster session on a life skill.
- As we build our range of life skills there will always be some that are easier to progress than others depending on our individual dogs.
- Equally we may simply need to progress faster in one skill that's really important to us to fit in with family life.
- A 15 minute mini consultation is a perfect booster session on an individual skill and full of personalised tips and techniques. tailored to meet you and your dogs individual needs.

### Customer Benefits

- \* Focused booster session
- \* Personalised tips and techniques
- \* Conveniently held before or after the blocks of regular classes
- \* Low cost -\*Current course customers
